

## Transportation Fees 2026-2027

### Transportation Fees

SSIS provides bus service for students who need it. Transportation fees will be charged to students riding the bus and are determined by pick-up and drop-off location. To ensure your child has a reserved place on the bus, please note this in the provided area on the application form. Once enrolled, changes to bus services may be made via PowerSchool.

Bus service is available each day both in the morning and after school. On select days we provide a late bus service leaving school at 4:55 PM for students in KG and above. School buses stop at predetermined pick-up/drop-off points.

Sample bus schedules and routes can be found on our website. Please email [bus@mail.ssis-suzhou.net](mailto:bus@mail.ssis-suzhou.net) if you have any questions.
